This toolkit is accompanied by a resource CD which contains a number of reports, resources, and organizing tools on law enforcement violence against women of color and trans people of color. It is intended to supplement and provide background to the information contained in the toolkit, and inform the sample workshop we have included. While INCITE! may not necessarily endorse the language, political perspective, analysis or conclusions of every document we have included on the resource CD, we do think that they all provide important and information that is not widely available.

The CD is organized into folders of documents as follows:

Folder A - Research Reports on Law Enforcement Violence Against Women of Color and Trans People of Color

2. Law Enforcement Violence Against Women of Color, in The Color of Violence: The INCITE! Anthology
